

AIM Proposal Guidelines

Directions:

- Thank you for applying to the AIM Education and Outreach program to receive a digital camera, which will be used to photograph images of NLC's.
- All proposals should be sent via email and received no later than December 1, 2004.
 - Please write in the subject line of your email "AIM Proposal".
 - Email your proposal to Barbara Maggi: barbara.maggi@hamptonu.edu
- Acceptance and regrets will be emailed to you by January 10, 2004.
- If you have further questions please call or email Barbara Maggi (phone: 757-727-5869)
- Your proposal should follow the format listed below (use all headings) and be NO LONGER than two pages (font size 12, New Times Roman).

Proposal Format

- Your Full Name
- Home Address
- Home Phone
- Fax
- Email
- School Name and Address
- School Phone
- Grades and subjects you teach
- List any leadership roles you currently have

Plan and Objectives:

If you are chosen to receive an AIM digital camera how do you plan to use it and whom will you use it with? Briefly explain your plan and objectives.

Sharing the AIM digital camera:

As an AIM representative, we would like you to share the camera with others. How will you share the camera with other teachers, students, or informal education groups?

Groups:

Are you currently a member of an already established group or club that could take NLC images? If so explain (examples: science clubs, scouts, church groups, museum, etc).

After School Clubs:

Do you plan to start an after school club to take NLC images? If yes, please explain.

Additional uses of the AIM digital camera:

In addition to taking images of NLC's for AIM, briefly explain how you could use the camera to support other science activities in a formal or informal education setting?

Things we should know?

Please list anything else you want us to know about you.
